The golden touch

IN glistening gold, with elegant black or mauve contrast and elegant embroidery, HKM's new Golden saddlecloth embellishes any horse.

This is also a practical item. The outer fabric is a polyester/cotton mix, dirt repellent and machine-washable. Velcro girth strap loops ensure a secure fit under the saddle.

Golden may look luxurious, but with an RRP of £39.95 it's a tempting purchase. Gold/black and black/mauve colour options are available, as well as GP and dressage styles.
